

DEPARTMENT OF PEDIATRICS GRAND ROUNDS

May 3, 2018

9AM-10AM

Conference Rooms A & B

High-Functioning Autism Spectrum Disorder (ASD): Current Interventions and Case Examples

Learning Objectives:

1. To understand current interventions for ASD, with a focus on implications for high-functioning ASD.
2. How to further treatment interventions based upon neuropsychological data and to understand the relevance of neuropsychology.
3. A focus on clinical cases will assist in providing discussion points and examples.

Sejal K. Vyas, PhD

Pediatric and Adult Neuropsychologist
Assistant Clinical Professor of Psychiatry
Icahn School of Medicine at Mount Sinai
Stamford Health
Department of Psychiatry

Stamford Health is accredited by the Connecticut State Medical Society to sponsor continuing Medical education for physicians. Stamford Hospital designates this continuing medical education activity for "1" credit hour in Category 1 of the Physicians' Recognition Award of the American Medical Association. Each physician should claim only those hours of credit that he/she actually spent in the education activity.
