

# Yorktown SEPTA

presents

Dr. Sejal Vyas

Pediatric and Adult Neuropsychologist

The Center for Cognition, Emotion & Behavior P.C.

## 'High Functioning' Autism Spectrum Disorder (HFASD): From a Neuropsychological Perspective

In this presentation, Dr. Vyas will give an overview of Autism Spectrum Disorder and the relevance of neuropsychology in aiding in diagnosis and implementation of intervention.

Dr. Vyas has quite the extensive background and is associated with Mount Sinai in NYC and Stamford Hospital in CT. Want to get to know her better? Check out her website here: <http://drsejalvyas.com/>

SEPTA will conduct its monthly business just prior to the start of the guest speaker. We are calling all members to be present. The Nominating Committee will present their picks for your 2019/2020 Executive Board. This is also your chance to be nominated for an Executive Board seat, from the floor.

When: Wednesday, April 3<sup>rd</sup>, 2019

Where: Mildred E. Strang Middle School , 2701 Crompond Rd.  
Amphitheatre

Time: 6:30pm – 8:30pm
